

2006

How Museums Can Get Involved

- ✂ Put together a Seaweek exhibition
- ✂ Develop an education programme targeted to local schools
- ✂ Activity sheets using current exhibitions but focussed on Seaweek
- ✂ Hold a Seaweek Day with talks from experts (either from your museum or DOC, the local university, etc). Encourage schools, families or community groups to come along
- ✂ Be a focal point for regional activities
- ✂ Host an Action Day – an expo of environmental action groups in your region
- ✂ Display and become a collection point for our albatross colouring contest that begins in February 2006 and runs though Seaweek

Step 1:

Contact your regional coordinator and let them know you'd like to be involved

Step 2:

Plan your activities and events

Step 3:

Get your events, activities and programmes listed on the Seaweek 2006 website

Step 4:

Promote your events:
through museum channels
with schools etc

Step 5:

Get noticed and have a great event!
